

HAZET Jeu de douilles mâles 8801/6

Numéro d'article 8801/6

Description

- Screwdriver socket 8801
- Internal square drive 10 mm = 3/8 inch
- Hexagon socket profile 4 - 10
- Square drive 9x12 mm (hollow)
- Number of tools: 6 metric
- Short version
- With knurling
- Plastic box 165-S (1/9)
- Safety insert system, 2-component soft foam insert
- Inlay also suitable for HAZET-Assistant
- DIN 7422
- Made in Germany
- For manual operation
- Why TiN (titanium nitride) coating? Special process for very hard TiN coating achieves extremely high adhesion and abrasion resistance of the coating
- Optimally suited for continuous loads, e.g. series screw connections in industry and trade
- Stronger wear protection ensures improved service life
- Perfect fit due to optimum coating thickness

- Higher torque
- Optimized corrosion protection

Spécifications techniques

surface	revêtement TIN
Entraînement	Carré 10 mm = 3/8 pouces
Sortie de l'arbre	Profil hexagonal intérieur
Largeur de clé	4 - 10
Dimensions / longueur	185 mm x 153 mm x 52 mm
Poids net	0.6 kg
Nombre d'outils	6
