

TRX72

1/4" Drive Dual 80® Technology Standard Handle Locking Flex-Head Ratchet

Features and Benefits

- Flex-head design gives exceptional versatility and offers eleven locking positions for convenient access to work
- Quick-release button for rapid socket and accessory changes, even with greasy or oily hands
- Dual 80® technology features seven teeth engaging the gear for added strength and durability
- Dual 80® technology features a 72 tooth gear to provide 5° of swing arc
- Up to 25% less ratcheting arc to engage the next gear tooth than our previous design
- Contoured handle for comfort and control

WARNING

- Ratchet mechanism may slip or break if dirty or worn
- Mismatched or partially worn parts can cause ratchet to slip or break
- Frequently inspect, clean and lubricate all non-sealed ratchet mechanisms with light oil
- Do not immerse sealed ratchets in fluids
- Do not replace worn parts individually, use entire contents of the service kit
- Ratchets that slip or break can cause injury
- Wear safety goggles (User and Bystander)
- Read additional safety warnings on pages W1 to W4 in Catalog 1400
